Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

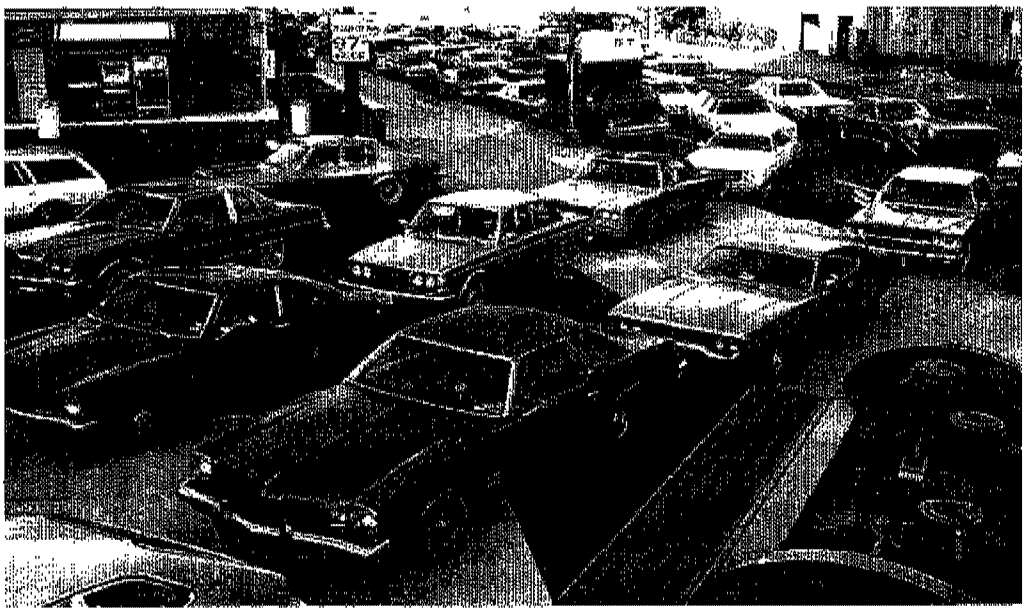
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

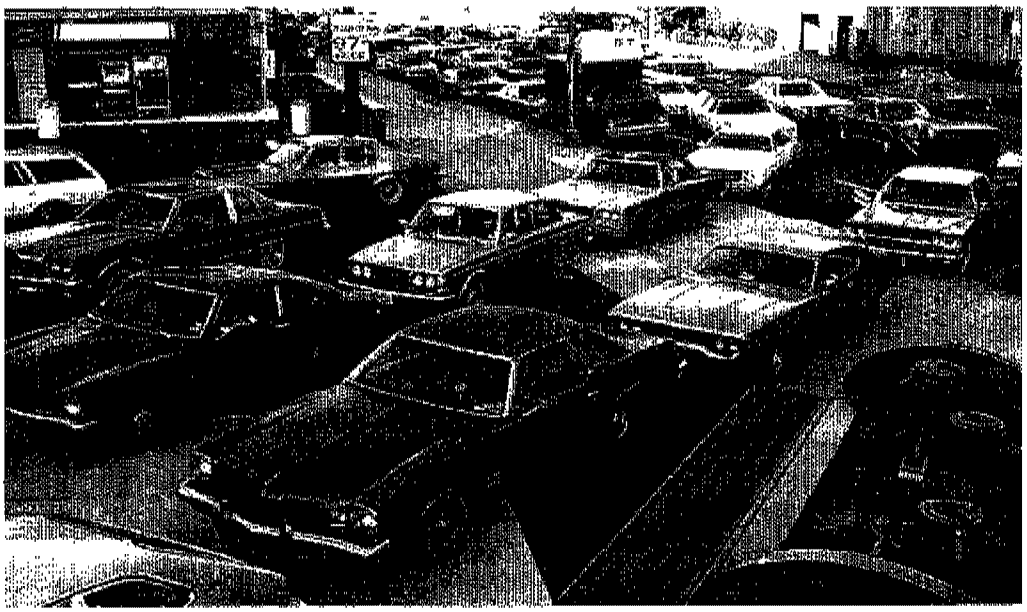
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

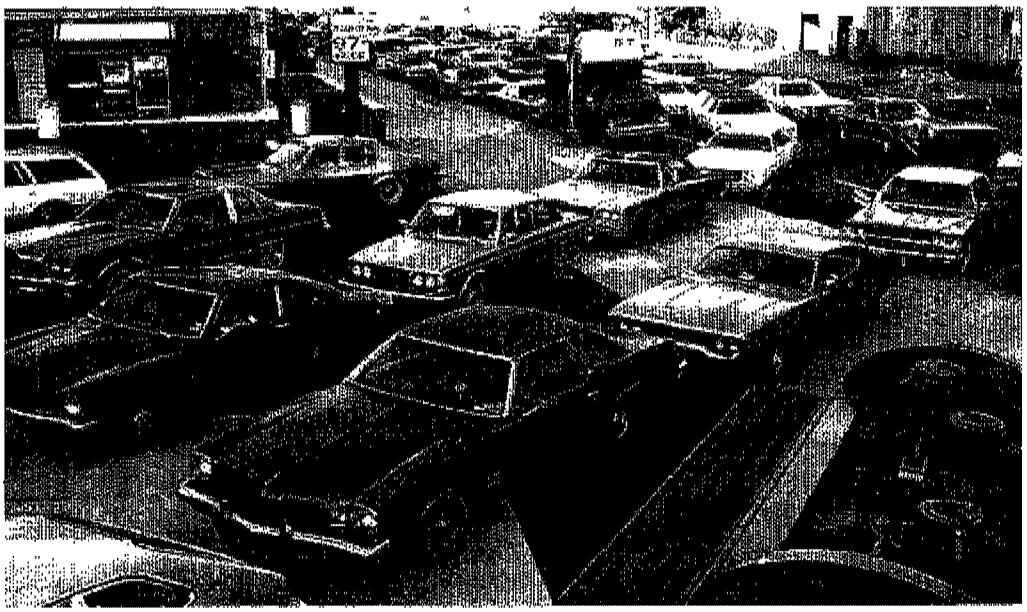
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Subject: The President's National Parks Legacy Project

Domestic Policy has drafted the attached document outlining the President's
National Parks Legacy Project that he will discuss today in California.

(See attached file: National Parks Legacy Project.doc)

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

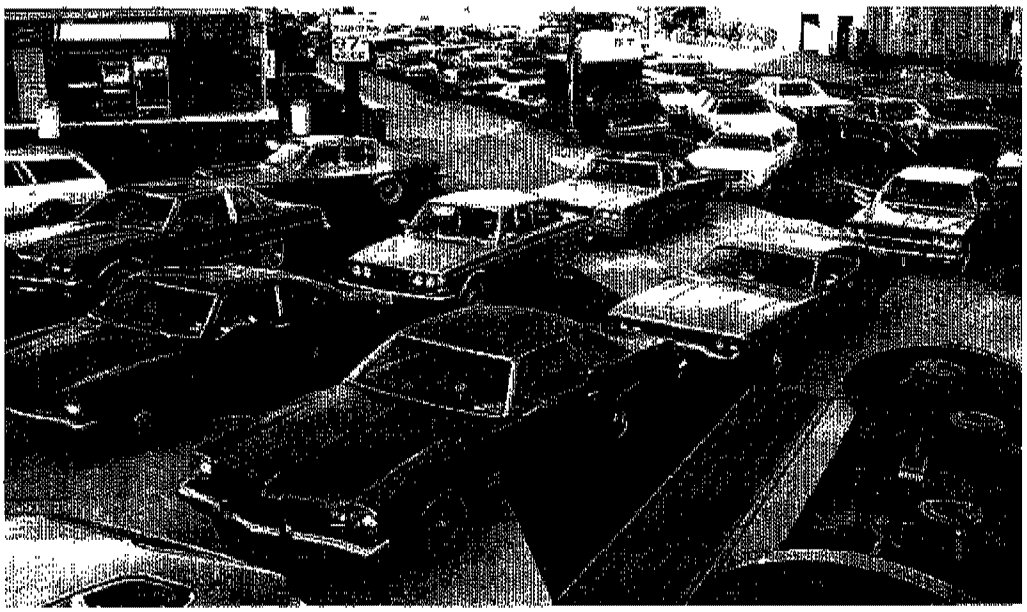
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

TO:Anne Trenolone ( CN=Anne Trenolone/OU=WHO/O=EOP [ WHO ] )

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

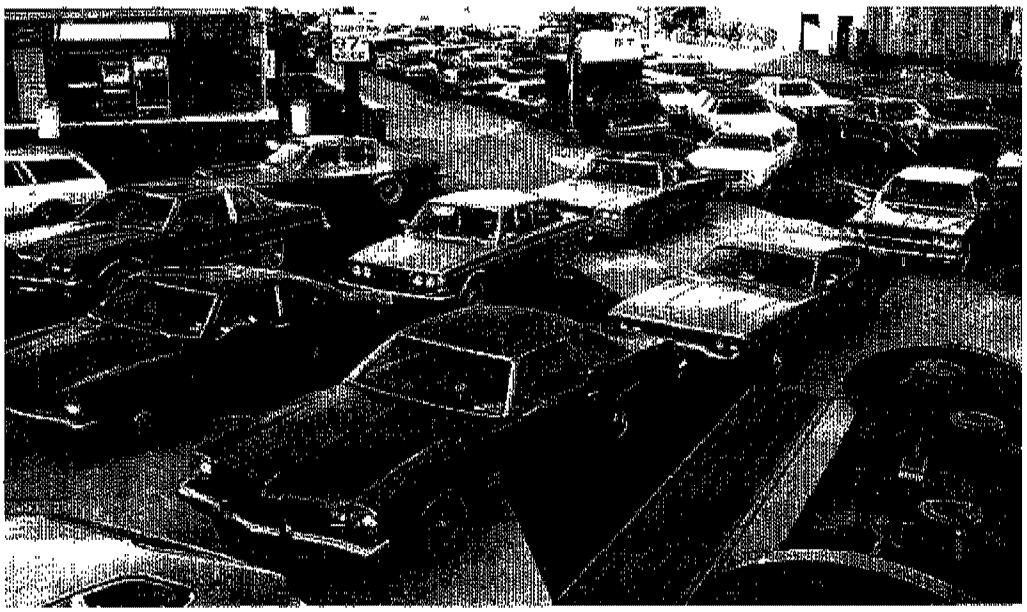
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

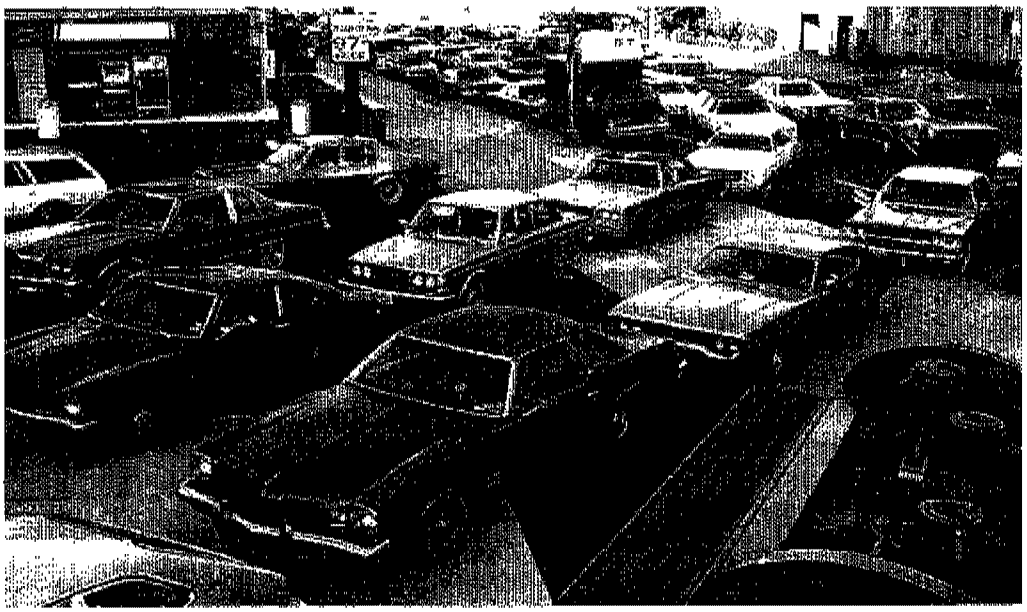
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

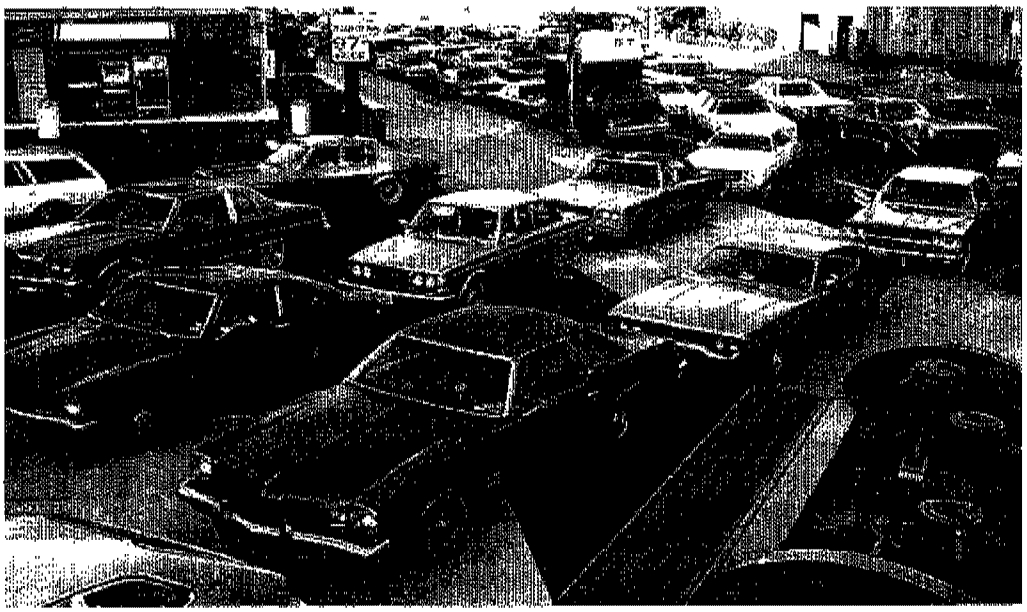
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

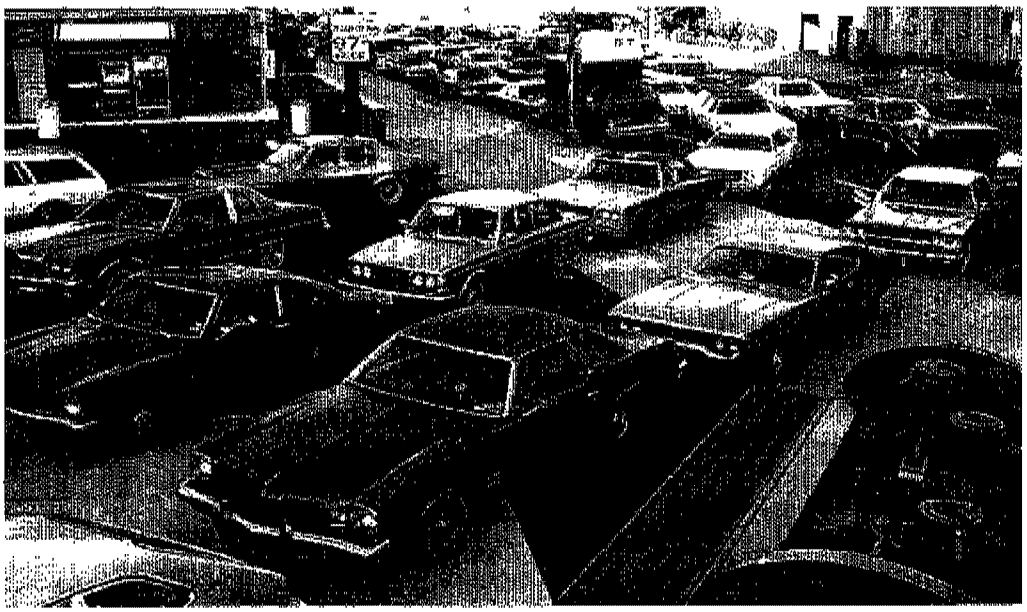
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

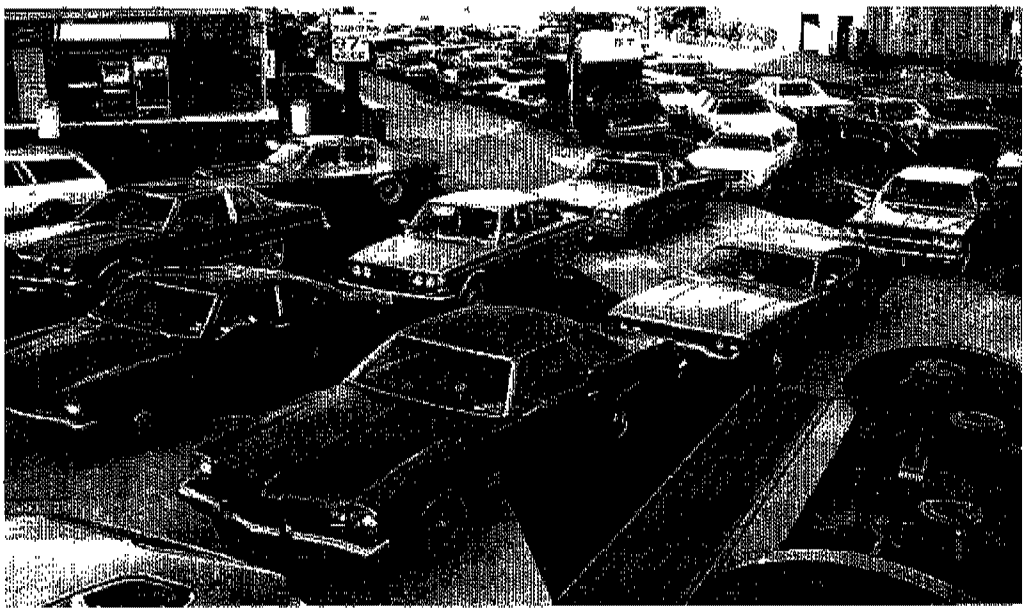
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

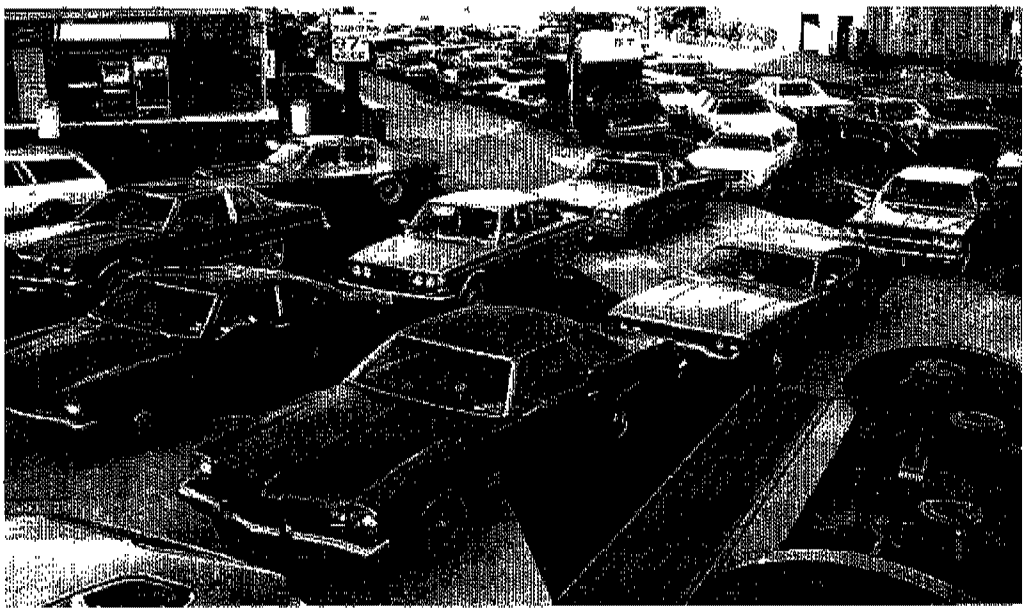
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Subject: The President's National Parks Legacy Project

Domestic Policy has drafted the attached document outlining the President's
National Parks Legacy Project that he will discuss today in California.

(See attached file: National Parks Legacy Project.doc)

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

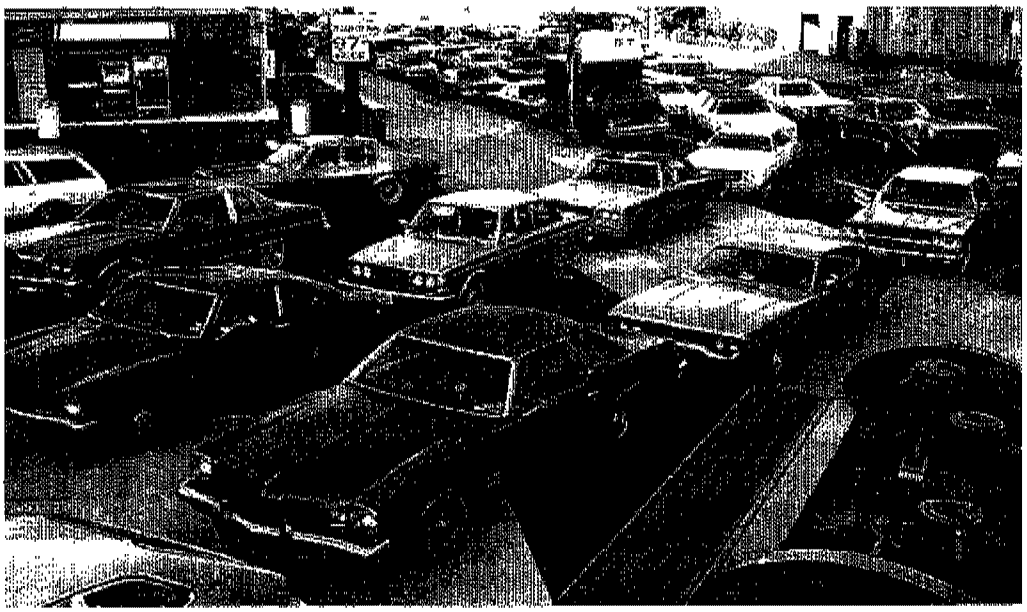
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference launching the 21st Century Energy Project, of which I am executive director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU, 60+, Frontiers of Freedom and others. if you plan on attending, skip the red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's visit, a fax copy of which is attached. john peschong helpfully got copies

to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

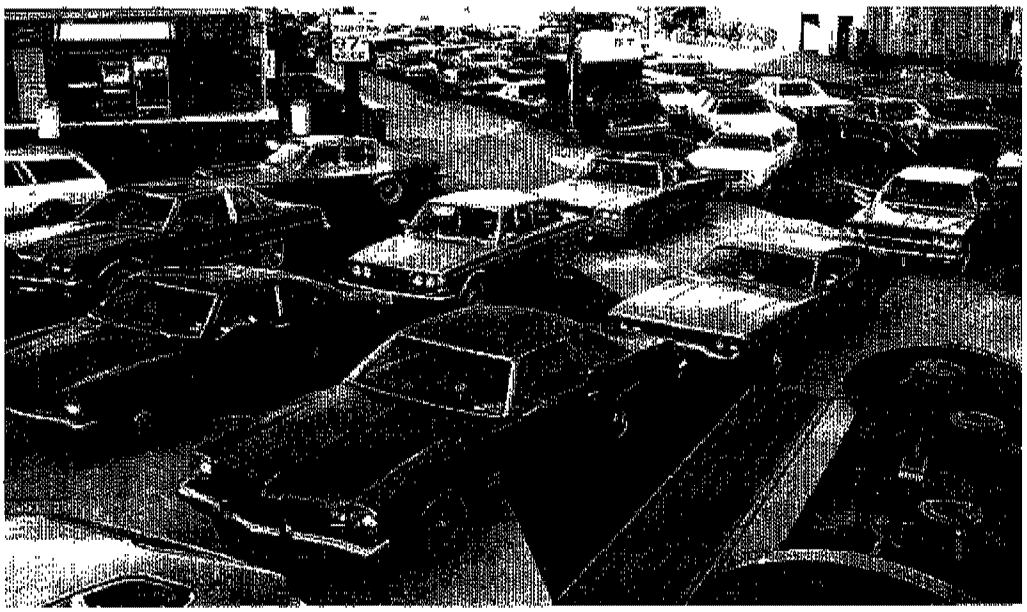
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

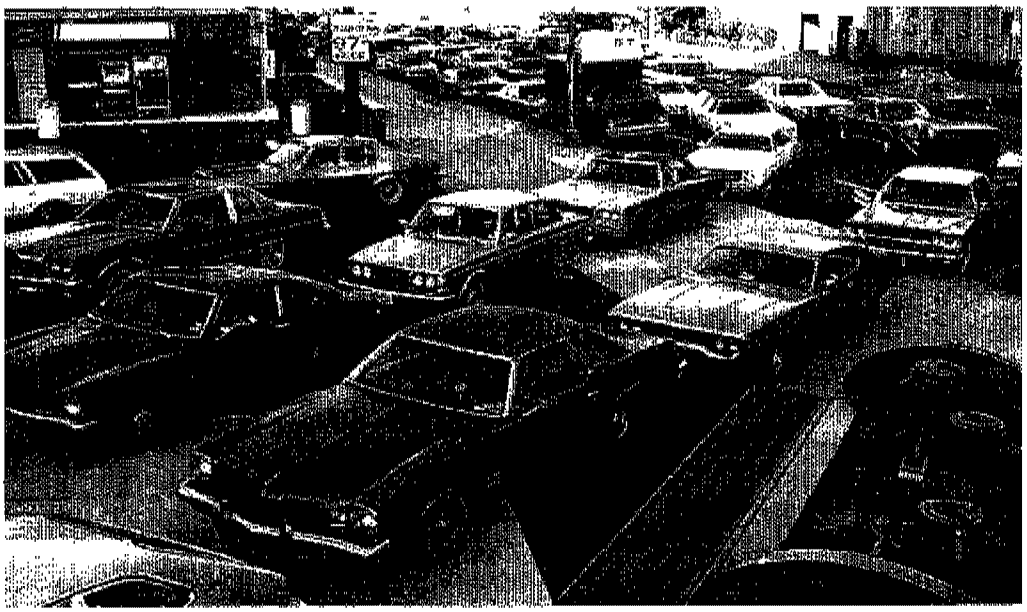
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

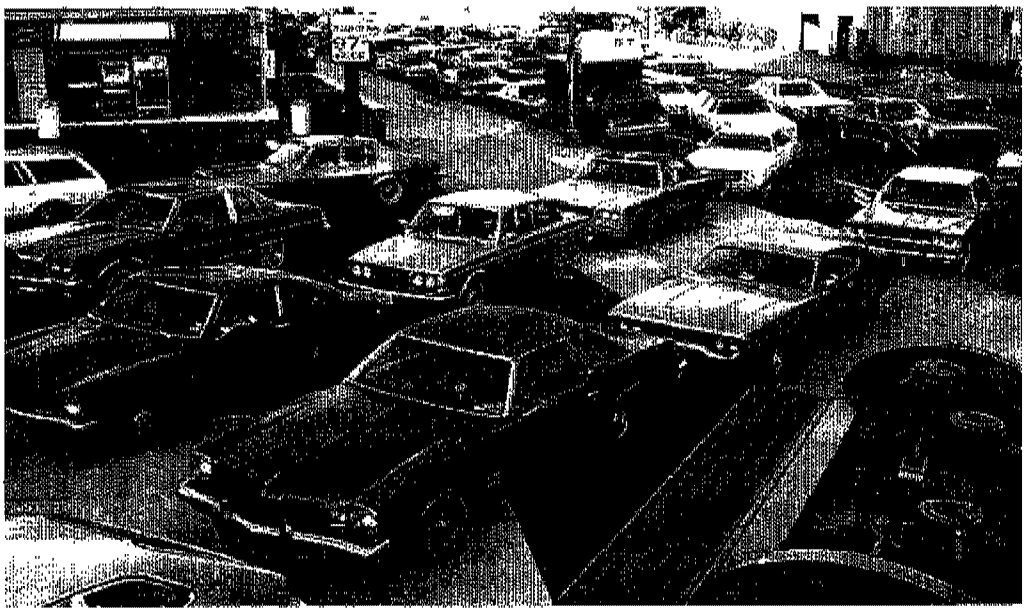
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

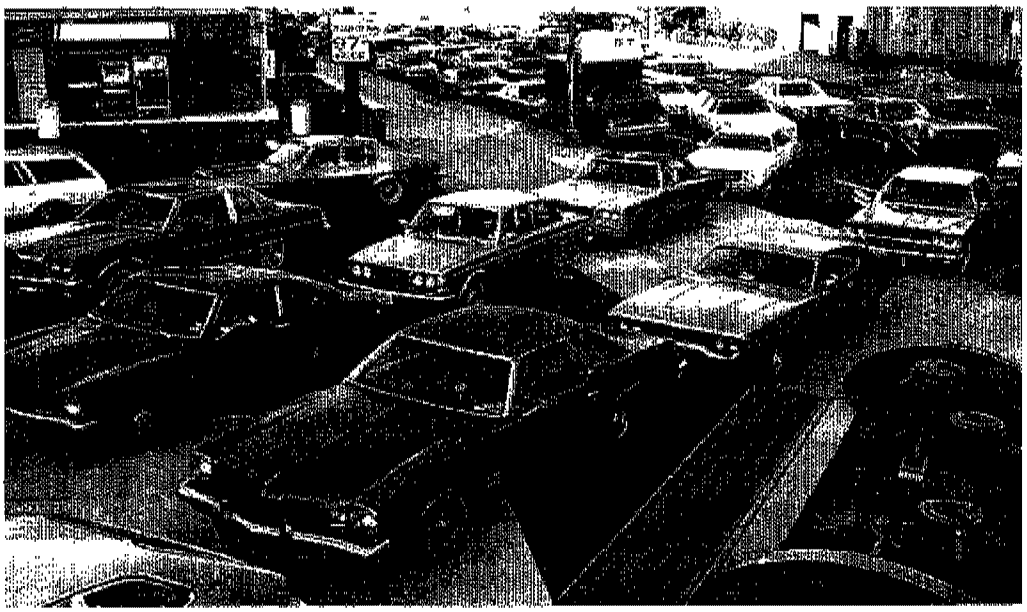
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

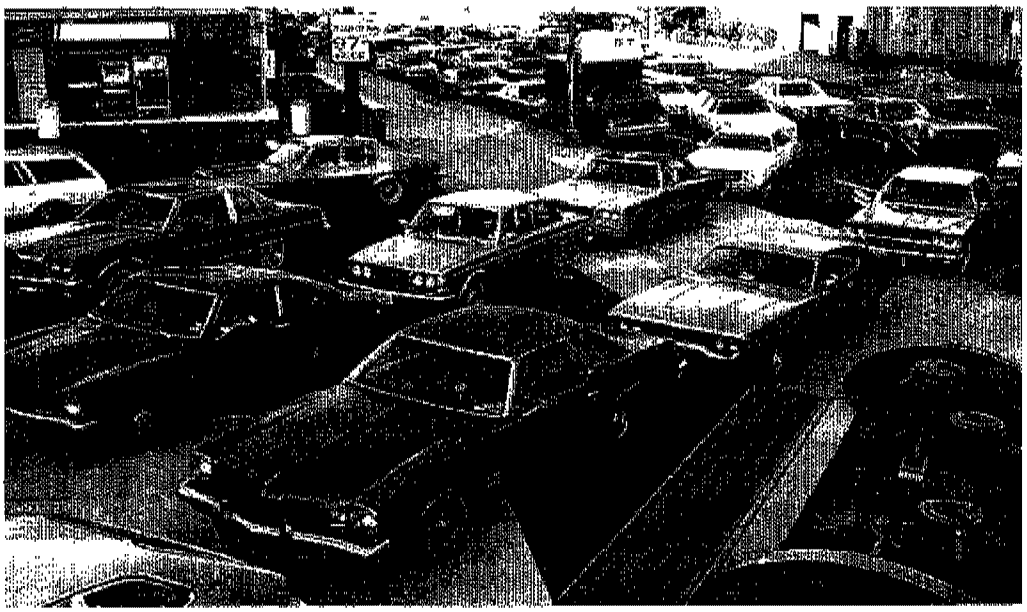
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

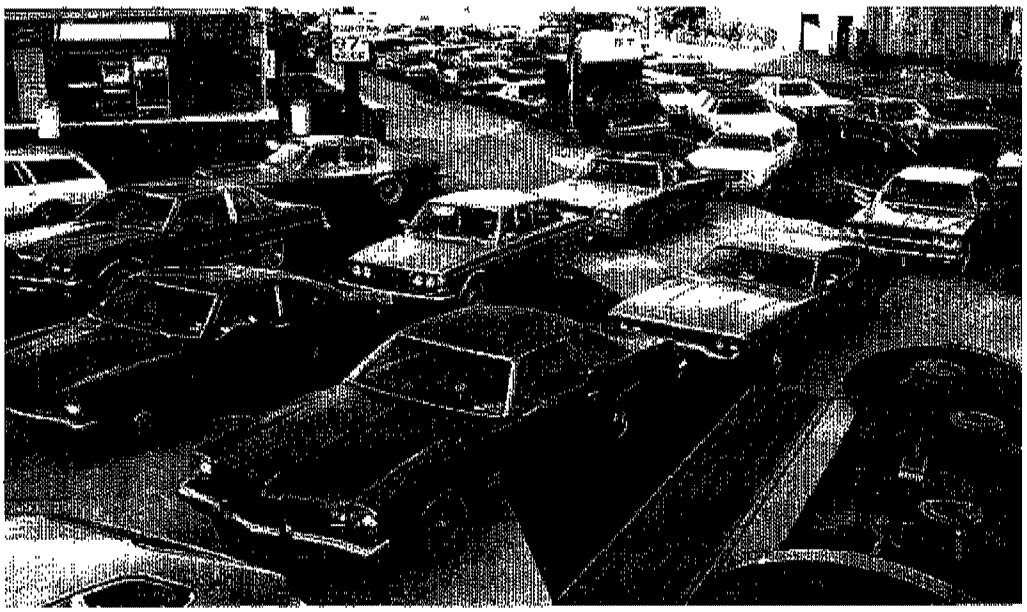
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

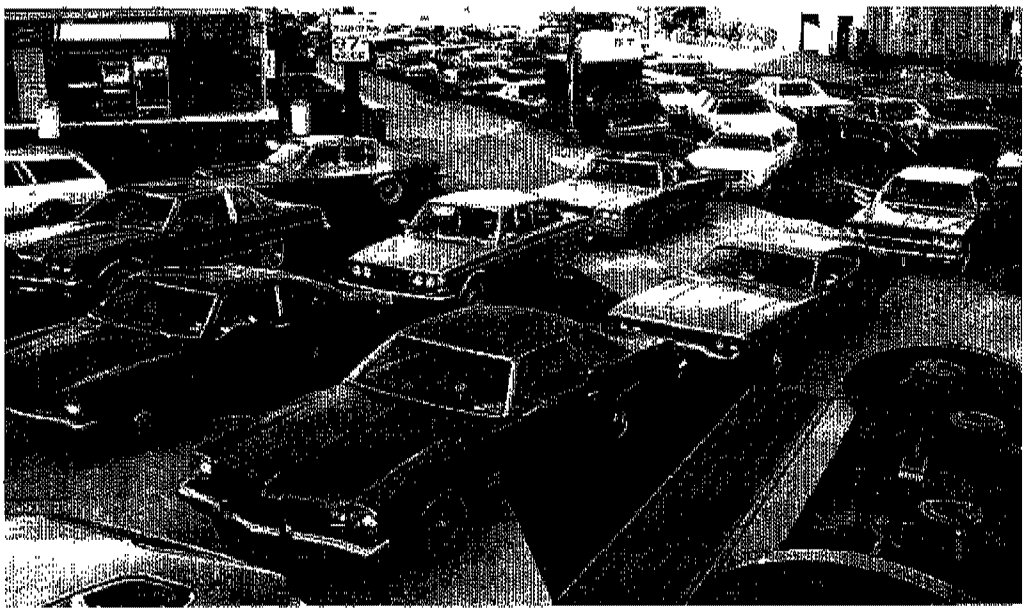
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

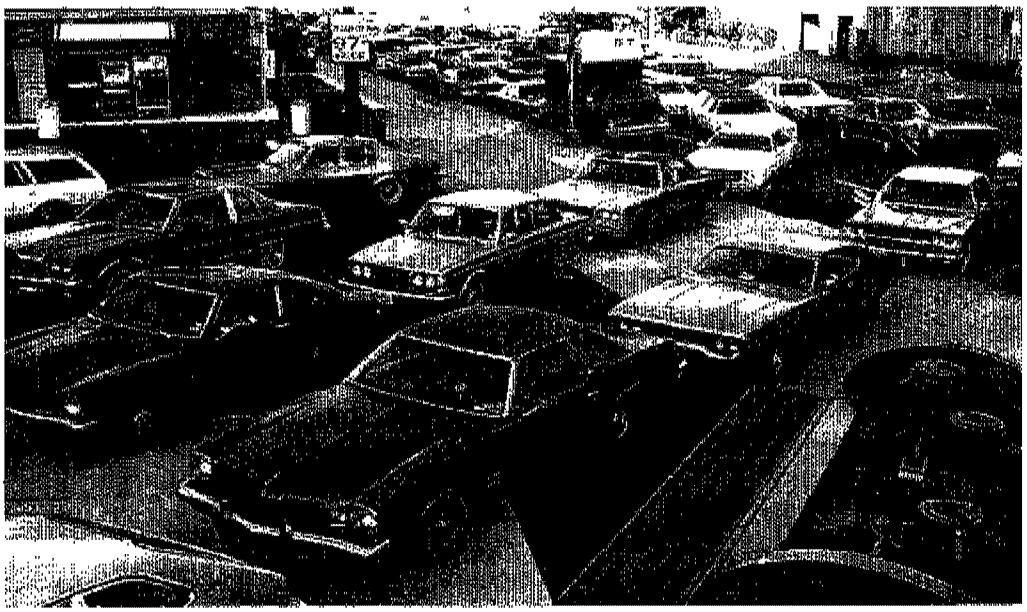
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

# 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

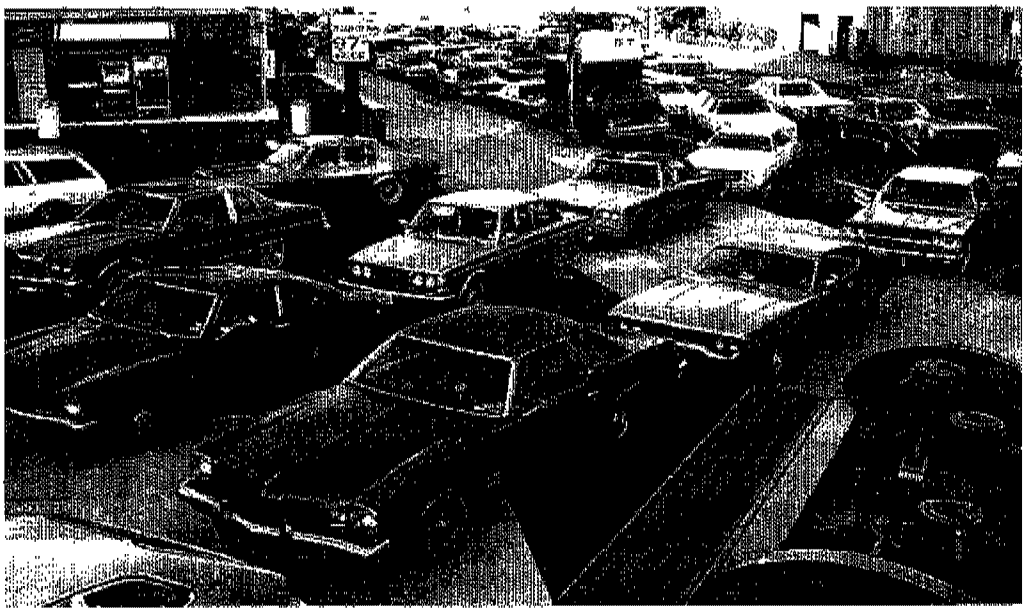
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

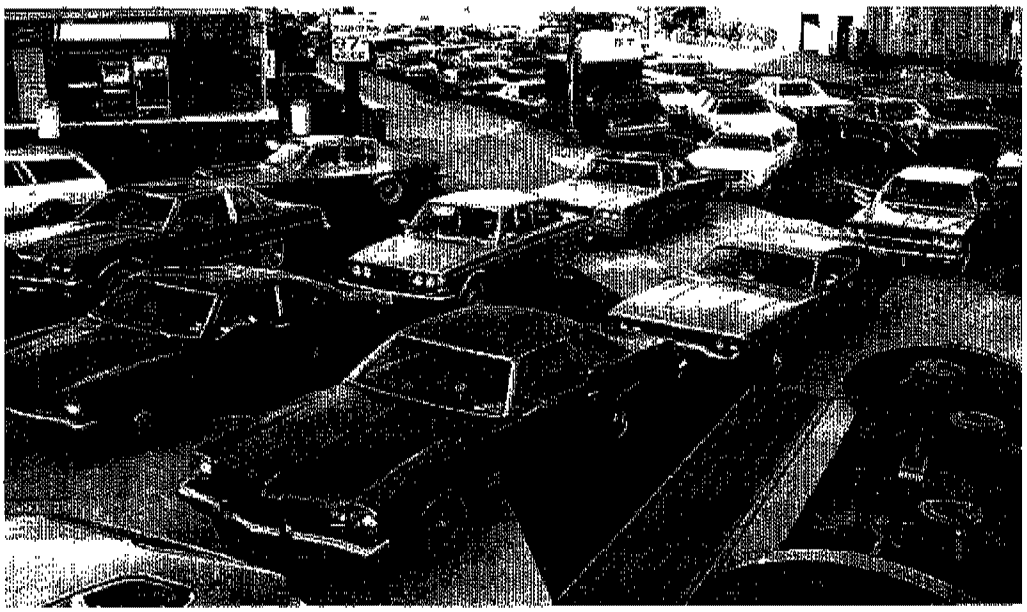
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

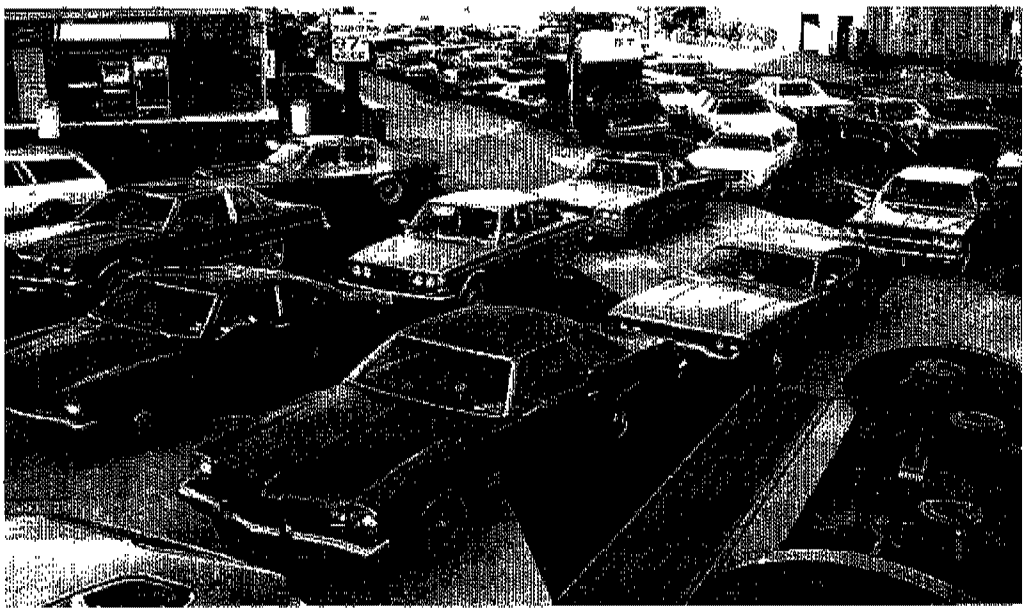
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.

###### End Original ARMS Header ######

attached find a media advisory regarding today's 1 pm press conference
launching the 21st Century Energy Project, of which I am executive
director.
the groups at today's event at the nat'l press club include ATR, CSE, ACU,
60+, Frontiers of Freedom and others. if you plan on attending, skip the
red
meat at lunch.

we have a full page ad in the fresno bee today to support the president's

visit, a fax copy of which is attached. john peschong helpfully got copies to the filing center. it will also be in roll call tomorrow, and we'll start
more ads when congress returns.

my draft opening statement is also attached. it's a good example of the tone we've been trying to change!

best, ed g.

Thank you for coming.

The organizations assembled here today have agreed to work together on the 21st Century Energy Project to provide a counterbalance to the scathing, misleading assault on the first effort we have seen in this country in 20 years to enact a balanced energy policy.

Often flying under the false banner of environmental protection or conservation, groups like the Sierra Club and the National Resources Defense Council--not to mention Greenpeace--have become little more than outside resources for the Democratic National Committee. They were poised to echo the attacks of the DNC and congressional Democrats they supported in the last campaign weeks before the Bush Administration even unveiled its energy initiative. Ultimately, 40 of the plan's 105 recommendations ended up focusing on increasing conservation, but they did not let that fact change their plan.

They reflexively oppose any plan that would increase traditional forms of energy production as a means by which to restore the imbalance between our nation's demand for energy and its supply. They do so in the most cynical political fashion, branding every abundant and affordable source of energy as a threat to clean air or clean water in order to frighten policy makers by frightening suburban women swing voters.

Rarely do these groups acknowledge--nor are they asked--how they would meet the demand necessary for Americans to maintain higher standards of living over the next 20 years in the absence of greater domestic production. The answer is that they would not. They would instead reduce demand by government fiat.

Their agenda includes:

higher energy prices (which former Vice President Al Gore touted in his book and which the Democratic congress voted for in the form of a BTU tax),

excessive regulations that have prohibited construction of an oil refinery in the United States for nearly 25 years and no major new generating plant in California in a decade,

government control of existing power lines and energy plants,

and artificial price caps that can only result in government rationing of energy usage--just as it did in the '70s under Jimmy Carter.

These liberal elites chide us on the need to mandate people into smaller, less safe "more fuel-efficient cars" as Dick Gephardt railed at a press conference earlier this month--a press conference at which he arrived in his Chevy Suburban.

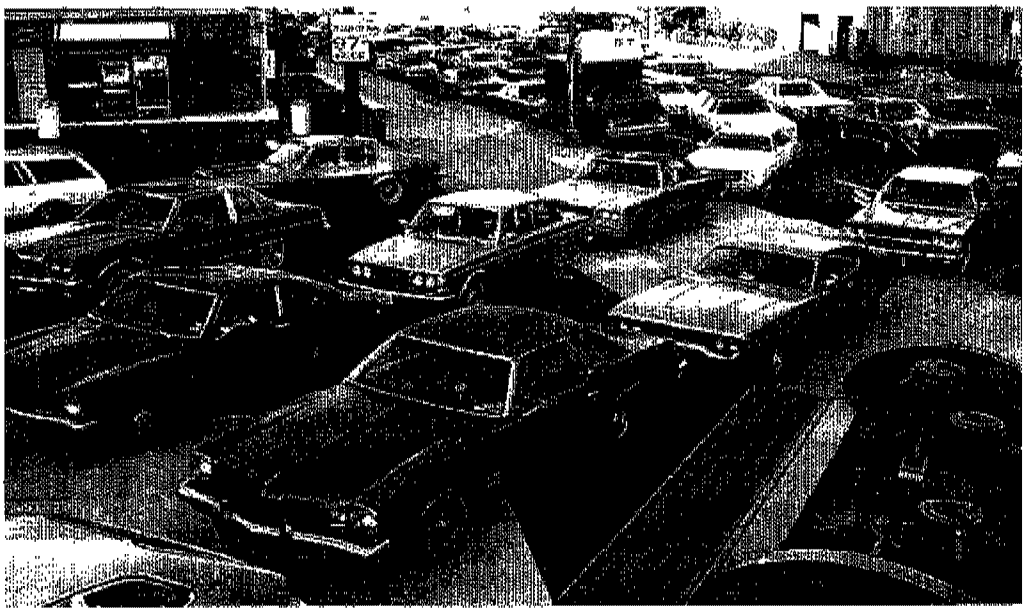
They believe oil, gas, coal and nuclear energy are inherently bad, and that working Americans are the problem here because we use too much of it. Theirs is a world view of scarcity, where innovations in clean coal technology, precision drilling and advancements in nuclear energy and safety simply never happened. They are stuck in a time warp, waiting with baited breath for Jackson Brown and Bonnie Raitt to hold their next No Nukes rally.

"That '70s Show" is entertaining on television every Tuesday night, but a little tired on the floor of the House of Representatives every weekday morning.

We believe in conservation. It makes a lot of sense. It's good economics. But conservation alone won't keep the lights on. California ranks second in the nation in energy conservation, but its consumption has risen 11.3% over the past decade while its production has declined 1.7%. Without a balanced approach, supply will drop and prices will rise. Seniors on fixed incomes will be forced to limit their energy use. Blackouts will continue to roll. And all of us will feel the decline in a quality of life that is directly tied to our quantity of energy.

In the coming months, the 21st Century Energy Project will serve as a clearinghouse for information on energy policy from a market-oriented approach and an understanding that higher levels of domestic production and environmental sensitivity are not mutually exclusive in the 21stCentury.

# REMEMBER THE '70s?



**Gas Lines were long, rationing was in, Jimmy Carter was President and he told us to wear a sweater.**

### Liberal elites think that's still the answer.

The last time we faced an energy crisis Jimmy Carter was President. Two decades ago, over-dependence on foreign oil created a shortage and drove prices up. The solution was rationing. It was a bad idea.

Today, we are again becoming too dependent on foreign oil when demand for oil and electricity consumption is increasing. This is simple Economics 101: when demand increases faster than supply, prices go up.

Liberal groups and some politicians believe rationing, price caps, higher taxes and excessive regulations will solve the problem. We disagree.

Their policies will only decrease supply and further increase prices. That hurts lower and middle class families the most. In fact, if some on the left have their way, "soccer moms" will be forced to sell their mini-vans – they'll become a luxury only the elite can afford.

### Conservation alone won't keep the lights on.

California ranks as the second best state in energy conservation. If conservation alone could solve the problem, California wouldn't be facing high rates and rolling blackouts.

The 21st Century Energy Project rejects the premise that we can conserve our way out of this energy shortage. A balance between conservation and increased supply is the only solution. We support an energy policy based on sound science and a rational, balanced, market-oriented approach that will ensure affordable energy for all Americans.

That's why we applaud President Bush's approach - a balanced, comprehensive 105-point plan that includes over 40 recommendations that increase conservation, as well as a diversified proposal to reduce dependence on foreign oil while using 21st Century technology to produce clean, abundant and affordable energy.

## 21st Century Energy Project to Launch Wednesday

*New Project Will Educate Public on Domestic Energy Proposals*

WASHINGTON, D.C. – In response to the national energy policy debate, a new coalition will be launched Wednesday. The 21st Century Energy Project (21CEP) will educate the public on the impact various energy policies will have on Americans' quality of life.

The 21st Century Energy Project seeks to coordinate the resources of organizations committed to striking a balance between our nation's energy supply and demand. Member organizations are devoted to finding a sensible approach to the energy policy debate that protects America's future and security, and exposing the negative impact of the liberal energy agenda.

The 21CEP will serve as a counterbalance to the liberal groups who oppose increased energy production and seek government-mandated reductions in energy consumption.

At the launch event, an ad campaign will be unveiled.
